CHAPTER 25

DARK FIELD ANALYSIS

Plio Morph Panel

From the Test Screen:
C Programs (top menu bar)
C Dark field Analysis (drop down list)
C Plio Morph Panel

Figure 39 – Dark Field/Plio Morph Panel

The screenshot displays the 'Dark Field Microscope Analysis' software interface. The main window is titled 'Dark Field Microscope Analysis' and contains a 'Plio Morph Panel' with a red border. The panel is titled 'Plio Morph Panel Click on reactive score to treat' and includes a 'Close' button. The panel shows a flowchart of biological processes and various organisms with associated reactive scores. The organisms and their scores are: Probit (103), Chondrit, Red Blood Cell and Symplost (89), Symplost (78), Mychit, Thrombocyte (82), Thecit (76), Deca Thecit, Mycoplasma + Rickettsia (69), numerous bacterial forms (96), Propion Bacteria (acne) (87), Fungus Mucor or Aspergillus (82), and Misc (121). A 'Rectified=' bar shows 0%. The panel also includes a list of organisms: Candida (98), Utillin (70), Albican (99), Rugosa (75), and Tregi (75). The software interface includes a menu bar with 'Programs', 'Dark field Analysis', and 'Plio Morph Panel'. A sidebar on the right contains buttons for 'Haematology Test 1', 'Haematology Test 2', 'Blood Test', 'Blood Treatments', 'Plio Morph Panel', 'Potential Disease Factors', 'Recommended Action', 'Notes', 'Load picture', 'Expand Picture', 'Shrink picture, Reset', 'consciousness Scan Of Blood', 'Scan Of Blood Picture from Microscope', 'Multi Media Demo of Microscope', 'Stretch Picture to fit', 'Unstretch', and 'Close'. A 'Transfer to TEST SCREEN' button is located at the bottom right. The background of the software interface is red with a black and yellow butterfly graphic.

★ *Option:*

If **symplast, mycoplasma, rickettsia and mucor** are all above 100:

C on value until rectified is **85** or above

C Close (white panel)

★ *Options:*

Super - Conscious Scan of Blood

C Recommended Action

C Super - Conscious Scan of Blood

C OK

C red item (suggestions for therapy and possible causes for blood imbalances appear)

C Close (green panel)

Blood Treatments

C Blood Treatments

C appropriate box on the left - more than one box can be chosen on the right
