

Chapter 29

ENDING THE SESSION

- ◆ **VARHOPE Improvement.....136**
- ◆ **Adding Report to File.....136**
- ◆ **Check Current Rectifications.....137**

CHAPTER 29

ENDING THE SESSION

VARHOPE Improvement

From the Test Screen:

C Retest (top menu bar)

C Test VARHOPE Improvement (drop down list)

The VARHOPE improvement results will now appear on the **red** screen and the percentage improvement will show in the **white** box.

C Close

Adding Report to Info File

From the Test Screen:

C More Research and Reports (top menu bar)

C Nelson Report (drop down list)

C Make a Nelson Medicine Report

C Unconscious selection of next visit (this is a guideline)

C Add Report to Info File

C Changes from Last Visit

C Close

Check Current Rectifications

From the Test Screen

C Close (use the **Close** next to the TEST button at the top of test Matrix in order to activate the **Check Current Rectifications** key)

C Check Current Rectifications (bottom left of screen)

C OK (in **Patient not Rectified** box)

If there are named items then:

C Correct all till maximum (this is very powerful!!)

If rectification is at **85** or above then:

C Close Clasp (to exit completely)

OR

C Rectify of all below (until rectified is **85** or above)

C Close Clasp (to exit)
