THE QXCI

Restoring Human Vitality

WHAT IS THE QXCI?

The *Quantum Xrroid Consciousness Interface* is a state-of-the-art *Evoked Potential Bio-Feedback System* for stress detection and stress reduction. During analysis, the QXCI is connected to the body via a headband and limb straps. It then resonates with thousands of tissues, organs, nutrients, toxins and allergens for one-hundredth of a second each, and records the degree to which your body reacts. This type of rapid assessment is known as the *Xrroid Process*.

WHAT DOES THE QXCI ACTUALLY DO?

The QXCI scans the client's body like a virus-scan on a computer, looking for everything from viruses, deficiencies, weaknesses, allergies, abnormalities and food sensitivities. It reports on the biological reactivity and resonance in your body and indicates needs, dysfunctions and vulnerabilities. The information provided is fundamentally different from that provided by X-rays, blood tests, etc., because it tells us about the energetic state of your body and the direction in which your body is focusing its energy.

AND AFTER THE BODY IS SCANNED?

Once the QXCI has measured vitamin levels, amino acids, nutrients, food substances, minerals, enzymes, natural sugars, toxins, hormone levels, muscle tone, disease, bacteria, moulds, fungi, viruses and the health and balance of internal organs, it then compares these figures against a "norm."

HOW DOES THIS COMPARISON HELP?

Basically, the QXCI shows up anything that is affecting health. For example, if someone has digestive trouble, the QXCI may show that that person had salmonella as a child, which is still causing him or her problems. Or if a person is chronically tired, the QXCI could show an acupuncture energy imbalance.

QXCI EXAMPLES OF:

THERAPIES

- Allergy Desensitizing
- Muscle/Sports Injuries
- Spinal Flow Adjustment
 - Cranial-Sacral
- Meridian Therapy and Chakra Balancing
 - Electronic Reflexology
 - Color and Crystal Therapies
- Skin, Beauty, and Anti-Aging Therapies
 - Weight Loss
 - Detoxification

PROGRAMS

- Phobia Treatment via MLP (Neurolinguistic Programming)
- Electro Acupuncture
- Dental and TMJ (Temporomandibular Joint) Analysis
 - Brain Wave Pattern
 - Biorhythms
 - Iridology Program
 - Wellness Measurements
- Herbal and Nutritional Charts

ANALYSIS

- Food Sensitivities
- Nutrition, and Vitamin Deficiencies
 - Toxicities
 - Hormone Levels
- Viruses, Bacteria, Fungi and Parasites
 - Environmental Factors
- Mental and Emotional States

NATURAL REMEDIES

- Homeopathic Therapies: remedies, miasms, potencies, and complex
- Nutritional Therapy and Herbal Therapy
 - Bach Flower and Crystal Remedies

SO YOU USE THE QXCI TO IDENTIFY PROBLEM AREAS?

It's more than just an analysis tool. The QXCI, after measuring the body's frequencies, feeds back its own frequencies to redress or neutralize destructive wave patterns. In some cases it may add frequency, in others reverse it to either enhance or counteract the body's own resonances. The QXCI reveals not only the negative aspects of the body but also the positive aspects. However, in attempting to improve and revitalize health, we tend to focus more on the negative aspects, so that they can be redressed.

HOW DOES IT REVITALIZE THE BODY?

As the QXCI has been devised using the principles of Quantum Physics, that question is easier asked than answered. During therapy the QXCI measures the body's resonance/reactance pattern and determines what benefit has occurred in the time period since the previous measurement (less than a second earlier). If there has not been an improvement, the input resonance is altered. It maintains each beneficial setting as long as it is helping, and changes it as required.

CAN YOU USE THE QXCI ON CHILDREN?

The QXCI is ideally suited to children, as they are often unable to verbally communicate the site or degree of their discomfort or pain. Parents of children suffering from behavioral problems have seen considerable improvement, as the QXCI unearthed contributing factors, such as food intolerance.

HOW ABOUT ANIMALS/PETS?

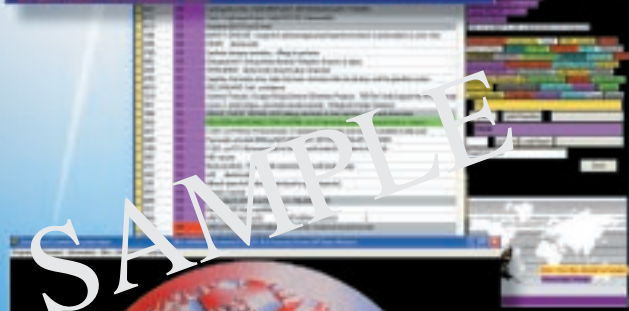

YES! Animals are unable to communicate with us in the most obvious of ways, although it may be apparent that they are suffering from both physical and psychological problems. Pet owners have seen vast improvement in the behavior and increased vitality of their pets following QXCI therapy.
